

With every vehicle purchased from now until New Year's Eve, the Boucher Group will donate \$100 towards sending a child with Muscular Dystrophy to MDA Summer Camp!

# Meet Reagan!

Regan was diagnosed with Spinal Muscular Atrophy Type II. SMA is one of the 43 Neuromuscular diseases covered by MDA's research programs.

This summer will be Reagan's first year at MDA Summer Camp! Please help make Reagan's first year at camp a great one!

The Boucher family of dealerships has been supporting the Muscular Dystrophy Association and our families for 25 years. Over that time more than 2,700 children living with muscular dystrophy have attended summer camp. The Boucher family, their employees and customers have graciously given their time and resources to make this week possible.

Thank you for helping provide the "Best Week of the Year" for so many of our kids!

CHRIS ZUPFER  
MDA Regional Director
